Art is great brain food! When children learn to draw, they use wonderful whole-brain thinking and have lots of **fun**. Consistent participation in our classes calls on your child to **solve problems, persevere**, and think imaginatively. Within each session, students will explore a variety of artist grade **media**, such as Oil and Chalk Pastels, Charcoal, Watercolor, Clay, Copper, Textured Papers and much more! Younger children practice following directions and using fine motor skills. Older children love having the freedom, guidance and **encouragement** to further their skills. We promote confidence in our students' self-expression by emphasizing the process, rather than the result!

****Assistant Needed****
 Parent Assistant will receive 50% off tuition and **must attend ALL classes during the session.**

First come, first served, choose "parent assistant" option when registering.
